- Newspaper agencies
- Visual communication services
- Seda
- SMME's

# Our Mission

Our mission is to simplify a brand or object making it available for clients and provide the customer with fresh, simple but quality, creative designs, practical graphic and visual communication services. We exist to attract and maintain customers and meet the needs of the project beneficiaries through service excellence and sustainable development.

Our mission is to satisfy the dual goals of unsurpassed client service. We believe this approach benefits both our clients and the greater community. Our successful projects satisfy the client's vision while enhancing communities through better design. Our mission is to remove the burden for our customer's and provide you with quality at a fair price, especially at Zululand and other Rural Areas in South Africa.

Our services will exceed the expectations of our customers. We also look at covering the countries that still lacks on visual effects such as African countries and provide our art work.

We will pass our skills to develop young passionate designers from other countries and also in South Africa.

- To become South Africa's leading in printing media, electronic media, motion picture animation, packaging, signs and in so doing add colour to every business through quality products, service excellence and competitive pricing.
- To change the whole face of applied art by offering unlimited design services
- To provide customers, fresh, simple but quality, creative designs, practical graphic and visual communication services
- To attract and maintain customers and meet the needs of the project beneficiaries through service excellence and sustainable development.
- To beat the existing market price without compromising quality of our service while maximizing our services to the expectation of our customers.
- To take our services across Africa where it is needed.
- We aim at contributing to job creation, mentorship and skills development all over Africa and more especially in Western countries
- We aim at parenting ourselves
- Eliminate as much as possible competitors
- We are committed to providing innovative print solutions of the highest quality to meet and exceed our customer's needs

# Philosophy

Our philosophy is to provide printing services used strategically and backed by a team of people with industry expertise can serve as a business solution to enhance projects that reach far beyond traditional printing companies.

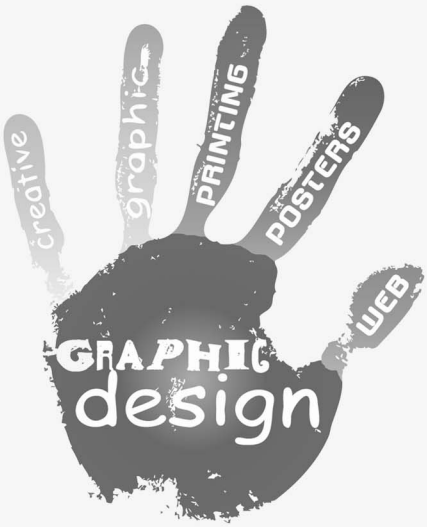

Our customers are our centre to our business and we do whatever it takes to meet the needs of our customers which is what drives us day-to-day, year-after-year. Our strategy is to provide what the customer wants, when they need it, at a fair price.

Dingila Creations staff is our family, we are building a family that will last generations to generations.

We do not only consider employees like family, we also want to ensure they enjoy working at Dingila Creations.

Our employees are the most valuable assets as we have in-house trained graphic design. As well as trained professionals in pre-press, offset, and digital printing. Because it is all in-house we have the ability to understand and monitor every stage of a client's job.

Our commitment to quick turnaround printing means at every step of the process we have refined our processes to deliver quickly. We focus on bringing together usage of quality colour, design, timely and professional customer service, and lastly advanced printing hardware.

# Vision

We see ourselves as South Africa's leading wholesalers, printers, designers and in so doing we add colour to every business through quality products, service excellence and competitive pricing.

We aim at contributing job creation, mentorship and skills development all over Africa and Western countries. Secure mutual beneficial partnership with the government department, local government, NGO'S and private sectors seeking to increase participation and strategic input in the development and economic growth of the African countries.

In two to three year we look at expanding Dingila Creations and plot the company in different countries, by having at least 5 to 10 offices.

We are looking at growing ourselves to an advanced Heidelberg four colour digital offset press QMDI-46, a wide array of the latest Xerox production series colour and black & white digital printers, and high quality and versatile wide format printers.

# Our Values

Dingila Creations is driven by its core value of integrity, knowledge innovation and services, as they follow:

- Professionalism
- Creativity
- Practical insight
- Enjoyment of the experience
- Quality

# Services

Dingila Creations provides graphic & printing services to our clients.

It will be critical that our audience enjoys the layout and design of our Web site and adapt to the interactive nature of our programming. Our layout and design will have to be user-friendly and cutting edge in the eyes of our audience to be successful in attracting repeat users.

Provide design consultants to the hospitality industry, the residential sector, and to the commercial, educational, and civic entities in the community. We are dedicated to creating the environments where people live, work, learn and play.

We dedicated to full service, managing all aspects of your design and budget.

The features, functionality, and content can be replicated by competitors, but the brand and the consumer experience must differentiate the value proposition to our customers. We have a strong branding message that will extend to all aspects of the site and truly provide the best experience for our customers.

The site must encompass the sophistication and identification of the sponsors and programming we represent and offer customer value added features to build a real interactive community.
